CASIO IT-300 Overview

Hardware

Feature	Description
OS	Windows Embedded Handheld 6.5 (English)
CPU	Marvell ® PXA 320 (624 MHz)
Display (Touchscreen)	9.4cm Blanview ® VGA-TFT (3.7" / 480 x 640 Pixel)
ROM	256 MB
RAM	256 MB (~120 MB User Area)
WLAN	802.11 b/g (WPA2 / AES)
Bluetooth ®	2.0 + EDR, Class 2
USB	1.1 (Host / Client)
Laser Scanner	Barcode Reader (Standard and Stacked)
Expansion Slot	SDHC 2.0 (Micro-SD Memory Cards)
Battery	Li-lon, 3.7V, 1,850 mAh
Weight	~ 215g (depending on model) including battery pack
Dimensions (B x H x T)	75.7 x 154.6 x 19.6mm
Drop Durability	1.5m
Operation Temperature	-20 °C to 50 °C
Dust / Splash-proof	IP54

Memory Division

IT-300 Softkeys (Default)

Windows Mobile provides additional keyboard mappings, e.g.

- VK_F1 (0x70) equals VK_TSOFT1 (left softkey)
- VK_F2 (0x71) equals VK_TSOFT2 (right softkey)

Fn-Key Operation

[Fn] + [0]	Fade in or out the software input panel
[Fn] + [1]	Switch on or off the backlight
[Fn] + [2]	-
[Fn] + [3]	-
[Fn] + [4]	Calibration of the touchscreen
[Fn] + [5]	Darken the backlight
[Fn] + [6]	Brighten the backlight
[Fn] + [7]	Starts a program (full path must be saved to Registry)
[Fn] + [8]	Starts a program (full path must be saved to Registry)
[Fn] + [9]	Starts a program (full path must be saved to Registry)
[Fn] + [.]	Display the character "-"
[Fn] + [CLR]	Output the functional character ESC
[Fn] + [MENU]	Launch "System Switcher" for selecting desktop mode

Always disable unused key combinations prior to rollout.

Keyboard Navigation

Microsoft Gesture APIs

Native Code Sample

- Native APIs for touch events, gestures, and gesture animations.
- Allows scrolling in response to flick and pan gestures.
- Native code sample comes with Windows Mobile SDK ("Gestures").
- Managed code sample available at MSDN ("Windows Mobile Managed Gestures Sample).
- Multi-touch gestures are enabled by default.
- To disable multi-touch gestures until reset call SysMultiTouchOff from System Library.

Multi-touch gestures must be enabled for zooming, e.g. in Internet Explorer.

Manuals

Title	Contents
User's Guide	General operating instructions for the terminal and accessories (comes with each terminal).
Quickstart Guide (Developer)	First assistance for programmers, who would like to create their own applications.
Software Manual	Detailed description of operating system and pre-installed programs as well as of the fundamental configuration of the terminal, e.g. keyboard, scanner or WLAN.
Hardware Manual	Technical data of terminal and accessories, e.g. interface descriptions, battery running times, MTBF etc.
Bluetooth Library Manual Laser Scanner Library Manual System Library Manual	Explanation of the programming functions, which are offered by CASIO, including examples and program flowcharts.
CAB File Automatic Setup Tool Manual	Manual for the operation of the Setup tools, with which the automatic installation of arbitrary programs, patches and service packs can take place.
Active Menu User's Guide	Companion to the fully configurable kiosk mode.

Configuration Files

Device	Path	File Name
Laser Scanner	\FLASHDISK\SYSTEM SETTINGS\	OBRDRV.INI
WLAN	\FLASHDISK\SYSTEM SETTINGS\	WLANCFG.INI

Ports | Key Codes

Interface	Port
USB	COM2
USB (Modem)	COM5
Bluetooth Serial Profile (Client)	COM6
Bluetooth Serial Profile (Server)	COM7
Bluetooth Dial-Up Network	COM7

Middle Trigger	0xE6
Left Softkey	0x70
Right Softkey	0x71

Device Security

Security level	Description
One-tier prompt	This policy allows applications signed with a certificate recognized by the device to execute with no user prompt, since the application's certificate matched a device certificate.
	The device prompts the user before allowing unsigned or incorrectly signed applications to run.
	Once a signed or unsigned application is running, it has full permissions on the device.

http://msdn.microsoft.com/en-us/library/bb416353.aspx

You can disable the default security level by installing SecurityOff.cab from our download area.

Reset Operations

Procedure	R	AM	ROM (User Disk)	Clock (RTC)	Key Combination
	OS Area	Program Area	1		
Soft Reset	-	initialised	-	-	[RESET]
OS Clear	initialised	initialised	-	-	[Fn] + [CLR] + [RESET]
Hard Reset	initialised	initialised	-	initialised	[Fn] + [Centre Trigger] + [⊷] + [RESET]
User Disc Clear	initialised	initialised	initialised	-	[Fn] + [CLR] + [.] + [RESET]
Power-on Reset	initialised	initialised	-	initialised	Switch on after battery discharge

For "User Disk Clear" ("Full Reset") operation you can also run DskClean.exe from Windows directory.

Casio Setup

- Installs all CAB files that are in the same folder as the tool.
- Starts automatically after reset or from storage card.
- Can also be started from user application.
- Can make one single soft reset after installation instead of after each CAB file.
- Deletes old CAB files before installation if desired.
- Available as download for free.

Always install latest service pack and patch files onto your mobile device.
